Freeway Congestion

Hussain Hadah (he/him)

15 November 2025

Tulane
University

Everyone hates traffic jams

Everyday, people spends hours stuck in traffic around the world

It's a big problem in many US cities and even worse in other countries

This is time that could be used for something more productive or enjoyable

- Spending time with family
- Exercising
- Relaxing
- Working
- etc.

We discussed the externalities of congestion last class
